MYSTERY/SUSPENSE/THRILLER MOVIES!

A TEXAS GHOST STORY

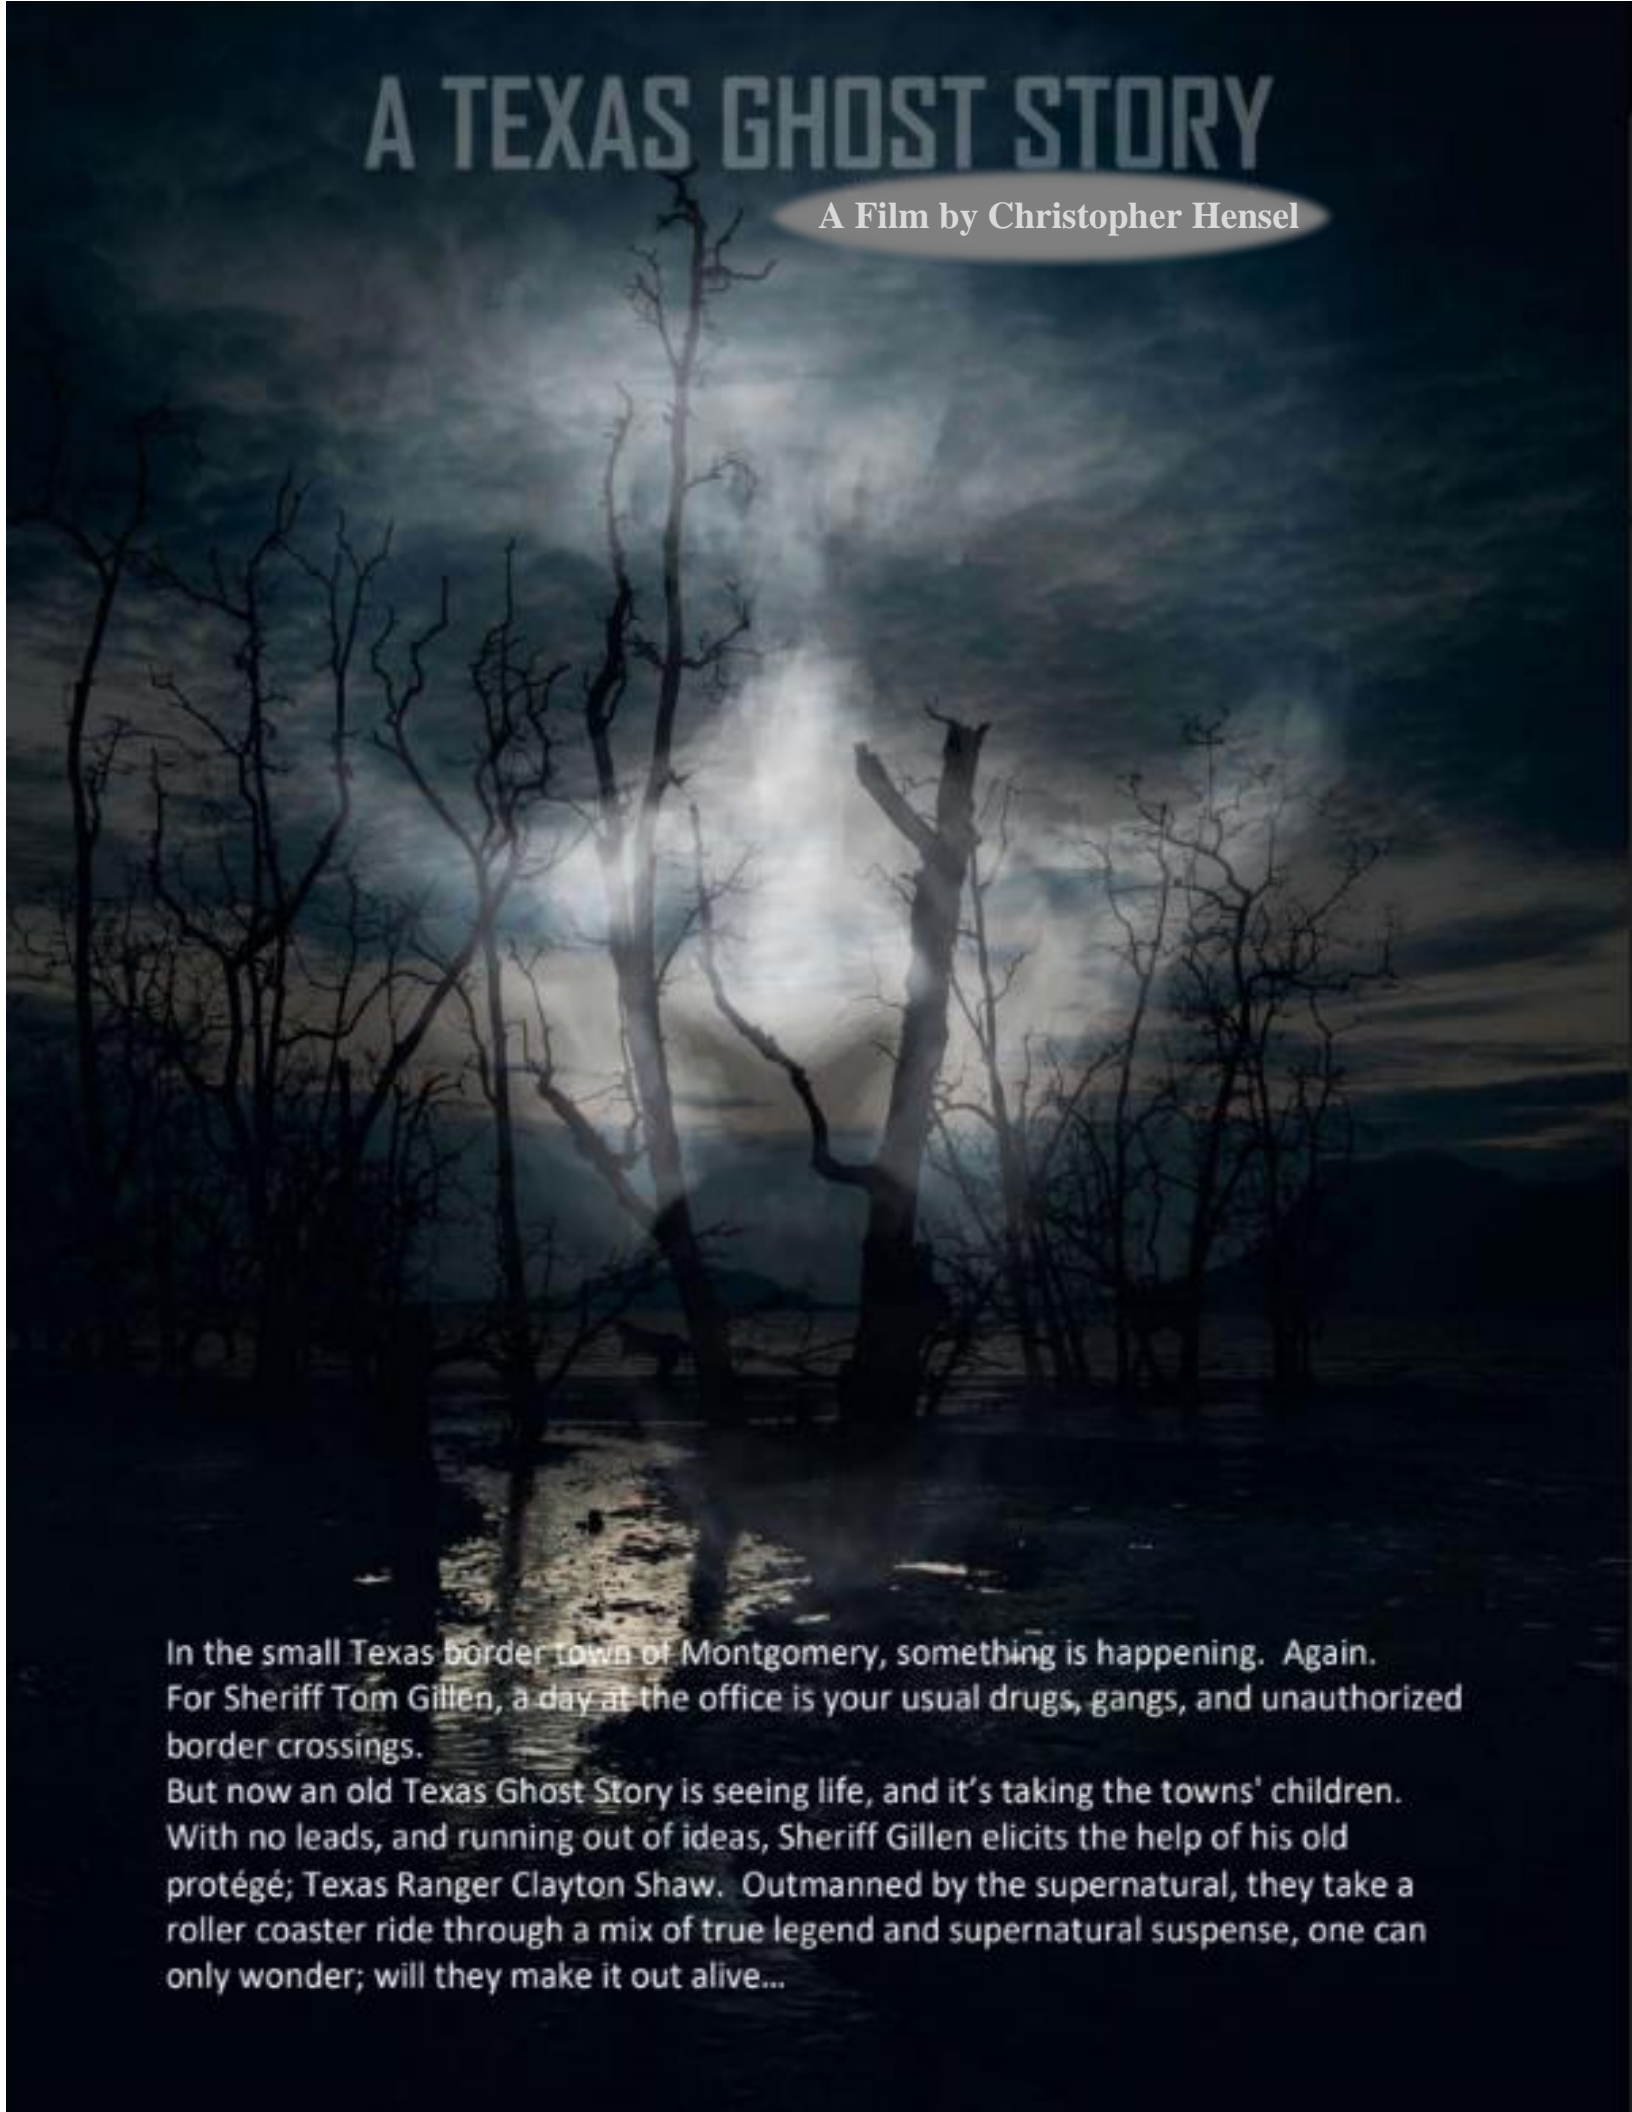

A Texas Ghost Story is a Mystery/Suspense/Thriller movie series that combines real Urban Legends of the south with real Texas Folklore.

Logline:

When an outbreak of missing children plagues a meager South Texas Town, the local law enforcement agency is forced to call upon the Sheriff's long-time friend and top Texas Ranger to come and help alleviate the fears and superstitions of the local families involved. When the evidence leads nowhere, the Texas Ranger has to create an eerie pact with an old medicine woman who finally reveals the haunting secret truth, that really plagues this small South Texas Town.

The background image is a dark, atmospheric landscape. It features several silhouetted trees, some of which are bare and skeletal. In the center, a bright, ethereal light source, possibly a full moon or a ghostly presence, glows through the trees, casting a soft, white light. The overall mood is mysterious and haunting, with a color palette dominated by dark blues, greys, and blacks, punctuated by the bright white light.

In the small Texas border town of Montgomery, something is happening. Again. For Sheriff Tom Gillen, a day at the office is your usual drugs, gangs, and unauthorized border crossings.

But now an old Texas Ghost Story is seeing life, and it's taking the towns' children. With no leads, and running out of ideas, Sheriff Gillen elicits the help of his old protégé; Texas Ranger Clayton Shaw. Outmanned by the supernatural, they take a roller coaster ride through a mix of true legend and supernatural suspense, one can only wonder; will they make it out alive...
